Physical Description

Yuri stands as an average [Nekovalkyrja, Type 33](#), this being 5'3, (160 cm). Though she was much shorter than her [Mother](#) due to her mother's diet and training, in addition to other circumstances. Strands of dark brown hair covered her hair, that due to certain levels of lighting has the effect her hair as being black, but in full light, her brown is visible. Due to her mothers strict upbringing, it was neat and tidy, as well as clean. Her eyebrows were kept trimmed neatly so as to not cause a distraction.

Beneath her eyebrows and uncovered by her hair were a pair of almond-shaped eyes, which were blue unlike her mother's yellow and red. On either side of her head were a pair of ears, which closely resembled those of a cat. Her ears and her tail were the only things that had fur because the rest of her body had skin, which matched her mother's skin coloring.

Being in the military, she had a body that was slender, with the impression of athletics, along with an hourglass figure. Even though due to genetics and metabolism, which never allowed her to gain weight or get out of shape, she strives to treat her body like that of a temple, with respect and care, which

meant that she was never stinky due to hygiene issues. Both of her arms ended in hands that had three fingers and a thumb. It was likely due to genetics and how she was made, her feet would have followed suit. Just above her rear end, as the beginning of a long prehensile tail, that was allowed to wrap around her legs lightly.

Due to the training she had undergone, she tends to walk upright, and when she stands or sits she tends not to slouch. She wore the Medical uniform neatly.

Personality

Yuri was a product of her mother's overblown desire to have a child, which meant her mother had the most influence out of everyone in Yuri's life. She can be quiet, when she wants or needs to be but she's generally outgoing and bubbly. Yuri is also strong and stubborn as rather than being a Ranger, like her mother, she decided to be a Medic as she saw how they operated and also how they seemed to help her mother. She looked forward to working with the medics on the YSS Resurgence.

History

✖ As a result of her [mother's](#) desire to have a child, due to being mentally affected by her [Auntie's](#) motherhood. Yuri was born on 09/31 [YE 44](#) in the city of [Kyoto](#), Due to how much stricter Captain Aoba was, about children growing up on the [YSS Resurgence](#), unlike her [cousin](#). Yuri grew up on the [Capital World](#), at the residential area near the [Kakushi Nekoba](#).

Rather than abandon her daughter, Yuri grew up with a mother and many male role models¹⁾, allowing for a child that was balanced in terms of upbringing. When she was the Nekovalkyrja equivalent of a 6-year-old²⁾ she got to meet her aunt [Sanda Hoshi](#). This allowed her to meet someone her mother respected and had a profound effect on the kid, namely that she thought of wanting the lightning bolt tattoo like her aunt Sanda had.

Since then Yuri has spent her time being adorable and cute and watched as her mother finally went to ✖ a counselor about her time stuck on Hanako's world. Yuri saw how helpful doctors were, and began thinking she wanted to be a doctor when she fully matures. After her first day of adulthood, she participated in a trivia night at her mother's bar, which unfortunately she didn't do well on, disappointing her mother. But she got to meet interesting people, especially a disguised [Taiyou Hoshi](#) and [Ketsurui Aiko](#) and a not so disguised [Alastair Belmont](#).

As she thought further of her medical career path someone told her that hospitals like it if she had a Star Army experience, so she decided to enlist, after the Hanami festival.

Later on, was the Hanami Festival, her first one, and Luna, her cousin acted as her guide for a while before the two got separated. In her desire to make new friends, she met her future cremate, Yoshiro Tanaka, and [Aelya Eitan](#) whom she cherishes. They hung out before Yoshiro and later Aelya left her cause they had matters to attend to.

Gifts

From Toidorno

Two little figures made of recovered metal, embracing in a hug. The taller of the two figures had plain features, feline ears and a tail, and its color is a bland metal... Except for where it is hugging the other. There, the metal had been treated with an electrical charge, making it brighter and shinier thanks to the hug, as though a kindly warmth was spreading into it. The shorter of the figures, also with a tail, had dark brown hair crafted from a carefully cut moonstone gem. A note accompanied the figurines. "To the first person who ever gave me a 'hug'. I thank you, Nitô Hei Asakura Yuri."
