Weight:	100 lb or 46 kg

Physical Characteristics

- Height: 5'2
- Mass: 100lbs or 46KG
- Measurements: 35B-24-38.

Build and Skin Color: An athletic build which doesn't really show off her strength all that much, pale skintone.

Eyes and Facial Features: Almost always smirking, a somewhat hard face well defined, with eerily piercing blue eyes.

Ears: Standard neko ears with a bit of fur, same color as her hair.

Hair Color and Style: A bright or sharp blonde color, cut short, about ear length. When she feels like it, she tends to slick her hair up and the the side in a bit of a lopsided point and allow a bit of the hair to spike out underneath of it.

Distinguishing Features: None of her features stands out – it is the sum of them that truly pierces one's soul with fear. Hers is a stark presence, naked whether it be aggressive or maniacal. Unlike other operatives, her “mask” is hard to place, with her seemingly schizophrenic demeanor. She will sometimes appear to be talking to the air ... though it could be the verbalization of telepathic communication.

Psychological Characteristics

Personality: Seemingly never serious, Hoshiko is always watching, always taking mental notes, and always remembering. Now, this isn't to say she doesn't have fun. No, more often than not she is getting into a little playful trouble around the area, often times at the expense of those around her. Whether it is a release valve or her true nature is, again, hard to pin down. When on a mission, deep into the objective, she snaps into another personality – that of a cold uncaring killer. She is ready to end anyone's life, even her team mates, should she need to.

- **Likes:** Her knives, her dolls, secrets, shiny objects, a good partner in bed.
- **Dislikes:** People that hurt her mother in any way, secrets about her, dull objects, failing her

missions

- **Goals:** To simply survive and make her mother proud.

History

Family (or Creators)

Mother: [Hisae Emiko](#)

Pre-RP

Born from Hisea Emiko, Admiral of the first fleet, Hoshiko was thrust directly into the SAINT organization and trained by the best. Her first few missions went along perfectly, the objectives met flawlessly. But off the job, Hoshiko was suffering. The things she had to do began to eat at her. Even though she knew it was her job, what she had been born to do, it still disturbed her. So after a little while she decided she needed someone to confide in. It was then that she took up a fascination with dolls. With the dolls in her room, she had begun to be able to talk to someone and get things off her chest. After a while, she began to become a little deranged. Of course, it was nothing to be concerned about, though those around her began to believe she really was mental. Catching onto it, Hoshiko began to play on such a thought, and eventually began to scare others into such a thought.

Her first ship bound assignment was in the form of the [YC-28](#), a undercover SAINT ship under the command of Helen Klein.

After being reassigned to active duty, the YC-28 took part in a 'Search and Rescue' and 'Search and Destroy' mission on Kennewes in YE 29.

After Kennewes deployment, the YC-28 took part in the retrieval of the crew of the YSS Plumeria after the Plumeria was struck down by a SMX warship.

After safely returning the Plumeria's crew to port, the YC-28 proceeded to the Yugumo cluster and took part in a fact finding mission, which was interrupted by the Hanabusa rebellion which resulted in the YC-28 taking part in combat against the YSS Yanagi and the Shikotama ISFB. The YC-28 successfully retrieved the YSS Yanagi from the Hanabusa, and returned it to the 5th Expeditionary Fleet.

It was then that Hoshiko was transferred off the YC-28 and back to a job within the central office of SAINT where she was forced into a job behind a desk, seemingly at the request of her mother.

After she transferred into a [NH-33S \(Stealth\)](#) body when the mandatory decommissioning of the [NH-27 Nekovalkyrja](#) happened, she resumed some of her stealth operations before she was again pulled back to desk work before she was recently assigned to the [Zenjinkaze Fighting High School](#) as a teacher. She was asked to teach a class in stealth tactics for operations as well as a judge for possible [Star Army Intelligence](#) candidates.

Skills

Communications

Hoshiko is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from other characters through headsets, starships, power armor, and shuttles in both combat and non-combat conditions. Hoshiko is fluent in English, (and if a Nekovalkyrja, Japanese) among other languages. She can speak and write both correctly and efficiently and can write reports, fill forms, issue orders under fire, etc.

Fighting

Hoshiko has been trained beyond proficiency in many areas of combat. From wrestling, to martial arts, to small exotic weapons, to most firearms, Hoshiko is a fairly dangerous woman. Most of the time she sticks to her knives or small fire arms, never really having a need for the larger weapons unless the mission should call for it. She is also able to pilot a Mindy when she has one to use.

Information Technology

Hoshiko is capable of operating any computer system that uses the Kessaku OS, found on all Star Army starships. She is proficient in entering and/or searching for information.

Physical

She is the acrobatic type, a need of her due to her assignments. Able to twist her body into many positions, she is able to get into a great deal of places not many would. Hoshiko is also in a top physical shape (As most Neko's are). Most would say that she is a contortionist at times though.

Rogue

The biggest skill needed for her position of course, Hoshiko is able to hide herself perfectly unless she wishes to be found. Her hands are just as quick as her mind as well, able to lift even a set of keys from a person's pocket.

Mathematics

Hoshiko received basic mathematics training, to including up to algebra and trigonometry.

Entertainment

With a need for disguises and quick thinking on a back story, Hoshiko has become quiet the entertainer. She is able to craft disguises to suit her needs, and is able to lie her way out of most situations should the need arise. Ontop of that, she is able to spin a good tale for those whom care to listen.
