

Starships

In the Star Army RP starships are the most important vehicle in the Star Army RP [SARPiverse's setting](#). They enable [Characters](#) to travel between [places](#) like star systems, planets, starports and space stations. Starships are also the typical setting for [plots](#), and starship crews are frequently the way characters are grouped.

History

In the Star Army setting, starships are common and they've been in use for thousands of years.

Types of Starships

You can find a list of starship classes on the [products](#) page (filter by type). Most factions also have a list of starship classes, such as [Star Army Starship Classes](#).
