## Character Description

### Draconian Era Voss

Michael is a tall (about 6'), muscular Geshrin man with dark blue eyes and cropped black hair. He shaves daily but his facial hair grows incredibly fast so it typically appears that he sports about a day's worth of stubble by the middle of the day.

### Present Day Voss

*His eye itched; inching a gloved finger beneath the patch that hid the empty socket from the world, Voss scratched. The old ache always fired up where idiocy found purchase.*

*The man - he was middle aged, had gray hair, and was clearly if not Nepleslian at least some sort of Geshrinii - held up his hand immediately, not at Akemi but at some point elsewhere.*

*His remaining eye shown cold, a storm-gray chilliness that bordered on blue, and although he had the barrel in his face he did not seem particularly perplexed.*

## Personality

### Draconian War Era Voss

*“Can I get your hand?” he asked, and when he had it, he fixed a little braided string around Chiyo's left wrist. “You are what you are. So breathe, and look around, feel the air, hear the sound of it, and this is life. If you waste all of it thinking it should be something else it won't be worthwhile for you. So instead,*

*look at this every once in a while and remember you're what you think you are right now, really nothing more and nothing less. You feel it, right?"*

### **Present Day Voss**

*One of his companions snickered. Very carefully, the man ashed his cigarette, worming his way around the barrel of the gun in the perfect rendition of nonchalance. His remaining eye shown cold, a storm-gray chilliness that bordered on blue, and although he had the barrel in his face he did not seem particularly perplexed.*

*In fact, it seemed as if he were still in control of the situation.*

*"You don't notice, but you're closer to death than I am. Get that weapon out of my face or I'll have you shot dead in the street. I am being reasonable and we can still be reasonable and have a nice conversation. How about we do this."*

### **History and Relationship Notes**

*Settling back against the window's railing, Michael crossed his arms, looking back to the light cast from the doorway into the area where the 'party' was happening. "I couldn't tell you. The place I came from was overpopulated, and the only lights were the lights of a skyline. You know, a lot of buildings all bunched together. Not quite as... pretty as the things aboard, so to speak. Kind of stank, too, to be honest.*

Voss was a Geshrin ship's security forces member of the [Grand Star Army](#) that served on a GSA Spacy ship that ferried [NH-7 Nekovalkyrja](#) and other [Grand Star Army](#) infantry to planetary engagements. Before one engagement during the [second\\_draconian\\_war](#), he became close to [hida chiyo](#).

What happened to Voss and his relationship to Chiyo before the Blue Rift incident is unknown.

Voss was first introduced in [\[ACT III: Scene III\] Echoes of the Past](#)
