Personality

Evangeline is very reserved and shy, growing up in a polygamist house meant loads of children to keep the women of the house busy. Evangeline felt lost in the mix of endless children, bills, work, and house chores that everyone in the household had to deal with. Evangeline found comfort in school away from her brothers and sister, and in her martial arts classes, one of the few freedoms Evangeline was aloud as a child.

History

Born during the end of the Pirate Wars the first year of Evangelines childhood was a little rocky, and the years to follow weren't to impressive either due to the marrage of her fathers second and then third wife. After another year or so things smoothed out but Evanelgine was never really the main focuse of her family ... unlike so many other Abwehran children were due to the shortness of their childhoods. Evangeline found herself growing up fast and taking on responiblities normally not placed upon an

Abwehran child. Though she was aloud to take Martail Arts classes and have her days of peace and silence, it was never really enough for Evangeline whom seeked something a little beyond her reach. Her comming of age ceremony was successful due to her fathers lack of knowledge in her fighting abilities and his poorly under estimating her in battle. Her mothers challenge was small as well because she was already brought up taking care of her younger siblings and could clean a house with her eyes closed. Once 5 Evangeline set out for AAF training. Currently she is a Nachrichtendienst, Intelligence Specialist of the lowest rank.
