Pre-RP

Tyriel was born during the [third elysian war](#) to patrician parents, but he was born weak, posessing too many recessive genes and had to undergo genetic stablization to allow him survive. He was well cared for, but was kept hidden from other patricians because of his black hair and icy blue eyes Due to that he grew up continuously fed the propoganda and began to hate the [GSA](#). He was one of the elysians who celebrated [Taisho Ketsurui Chiharu's](#) death over [Ralfaris](#) years later. He thought that they'd have the GSA in the bag, but was highly disappointed when that traitor [Kiriell](#) signed a peace treaty with those damned nekos. Tyr was already in training as an assassin when it was declared; but he kept up his training hoping one day to be able to put those skills to good use.
