(He LOATHES the last one) **Goals:** To stick by his best buddy until they find a good home.

History

Kama is a character of the children's show [Yami NekoNeko](#), which has recently become popular in Yamatai.

Kama was actually born to a normal family on a planet far from Yamatai, but accidentally wandered onto the wrong starship after his carrying kennel opened (his family was on vacation). Several flights later, he ended up on the streets of Yamatai, quickly befriending Ori at a young age (More or less a week after she escaped).

Kama is ready to support Ori in thick and thin, and will do practically anything to protect her.
