History

Ami Yim Teliph was born 23日 2月 YE 03 in [Mazerin](#). Born to a [Mazerinii](#) mother and a [Sund Wakir](#) father, Ami was raised primarily by her mother until she reached her adolescence when she then went with her father to follow his lifestyle which she felt a closer fit for herself. When she reached adulthood she decided to become a mercenary as she wished to explore more of the universe and all it had to offer. After her first few years of independent mercenary work showed very little success she decided to take a stint in the employ of [Psychopomp](#) and decided to take advantage of some of their services to enhance herself which the company was more than happy to oblige excited to be able to work on an Iromakuanhe, a very rare opportunity for them. After her contract ended, she decided to move on feeling she didn't mesh well with the company. She then applied with the [NDC](#) at the suggestion of one of her old coworkers.
