| Occupation:       | Mercenary                         |
| Rank:             | Type III                          |
| Current Placement | <a href="#">Task Force Piglet</a> |

## Physical Description

If he is seen without his armor, his body is well-built, however there is evidence of scarring upon it from the accident which forced him to live in his armor. His skin is a dull gray and his eyes are obsidian. Due to the accident, both his right and left arms were replaced by cybernetic replacements in the same obsidian hue as the armor he commonly wears.

## Personality

Thrillseeker which led to his becoming a mercenary. Hides his face behind heavy armor and an armored

breath mask, due to his fear of breathing none recycled air. Uses a voice modulator to hide his identity, due to a fear of exposure.

## History

Antibody Revenant 77-1493-4302 was born 17日 2月 30 in [Arsenal](#). He was born upon the Stronghold planet Arsenal, and quickly became known as something of a brawler, during training early on there was a gas explosion which caused severe damage to 77's body, which is what caused him to become something of walking set of armor, the only place he went without his helmet was either on the freespacer ship that he often utilizes or in his private quarters.

He has made a name for himself as something of a fixer, he is stubborn to the point of never giving up, which has led to his tenacity being known as almost a thing of legend.
