History

Pre-RP

Growing up, Dirk's father owned a restaurant at which he helped cook, clean, and bus tables once he reached his teens. At a young age his father noticed Dirk's knack for the culinary arts and proceeded to teach Dirk everything he knew. As he grew older he surpassed his old man and became the head chef. Sadly, his father, who was extremely overweight, died of a heart attack when Dirk turned 22. His death caused an oil fire and burned down the restaurant. Mourning the death of his father and the loss of his inheritance, Dirk used the insurance money to start a new life and left for the colonization of [system_p1-8_avante](#). Since arriving, he has joined up with [Amelia "Amy" Jensen](#) and became one of the bartenders and financiers for the establishment.

While Dirk enjoys bartending, he wishes to become a professional storyteller. Shortly before his father died, Dirk got into a brawl with a customer and nearly lost his arm; he now has a large scar and a great tale to tell because of it. Dirk enjoys telling stories to his customers and is equally interested in their tales, no matter how fantastic the stories may seem. He is always cheerful. He also has a strong dislike for conventional weapons and prefers to use his fists or any item within his grasp to defend himself.

Dirk can be a bit of a drunk at times and is occasionally found “testing” the private stocks.
