## History

### Pre-RP

Khamomile was born with a batch of three Nekos, 8 years ago, ordered by a wealthy, barren widow who wanted children, but not babies. She raised the three Nekos as her “daughters” and, for 4 years they were a happy family. When the Yamataian body came out, the girls all switched, to be closer in appearance and abilities to their Geshrin “mother”. Khami took on the role of a housewife, doing most of the cooking and cleaning, while her sisters were the ones going out and working. Her life has been fairly sheltered, and she began yearning to get out into the world. When she was 6, her mother died, and left her small fortune to her three daughters, giving Khami the chance to get out in the world. Taking that chance, Khami bought herself travelling gear, mapped out several routes around Yamatai, and set off. She became a vagrant of sorts, Taking odd jobs, living in hotels, moving around quickly, and gained a little bit of street smarts, which lead to buying herself a gun for protection. After two years of being mostly alone, traveling and working odd jobs, Khami got into contact with her sisters again, and the three decided to take a vacation together and catch up on the past years, and to commemorate the anniversary of their mother's death.
