History

Dema Sokolof was born in AR 926.

Dema was born on Mazerin in AR 926 to his loving parents, Kila and Uri Sokolof. His family was an odd bunch, because the two were wanted criminals. Kila and Uri were professional thieves, and they trained their young Dema to follow in their footsteps. Dema grew up learning his mother and father's tricks.

Unfortunately when Dema turned 15, his mother and father decided to pull off the heist of a lifetime. The two had heard that Altjira Biomedical was moving a huge shipment of Standard Enhancement Packages and were going to be stored in an old warehouse before moving on to their final destination. Kila and Uri wished their son a goodnight and left for their heist.

However the next morning, Dema awoke to the sound of the front door getting kicked in by the police. He wasn't sure what had happened, but he knew his parents must have gotten caught. He quickly gathered what things he could and ran, narrowly escaping the authorities. He then stowed away on a [Cargo](#) freighter bound for Hlarai. He stole a datarod and learned that his mother and father had actually stumbled upon a shipment of Soldier Enhancements not Standard Enhancements. They were caught and promptly arrested by the authorities.

When the freighter touched down, he learned that the shipments were going to the new HAS Reva Maya. Dema needed money if he was going to survive on a new planet all on his own, and the airship would have no shortage of rich passengers with loose pockets.
