Hafsa bint Saleh in Roleplay

Hafsa bint Saleh is a [player character](#) played by [PlaidMage](#).

Physical Characteristics

Height: 5'7" Mass: 120 lbs. Measurements: A cup **Build and Skin Color:** Hafsa is both shorter and slimmer than normal for her age and ethnicity, and this is a constant sticking point with her. Her skin is deeply tanned.

Eyes and Facial Features: Hafsa's irises are a deep and almost threatening red in her harsh eyes, glowing only the slightest bit. Her nose looks like it's been broken at least once, though the rest of her features are dainty and delicate as fitting of a girl her age.

Ears: Hafsa's horns corkscrew a few times as they reach towards the sky, but are otherwise unremarkable.

Hair Color and Style: Hafsa typically keeps her flaming-red hair tied back in a simple ponytail to keep it out of the way.

Psychological Characteristics

Personality: Hafsa can best be described as 'fiery.' As if to make up for the chilliness of the planet she was born on, she lusts for battle and conflict of all sorts, even enjoying sparring - verbal or otherwise - with those who are meant to be her allies. She throws herself into frame battles with unimaginable vigor, and on her free time prefers to train, watch videos of her idols (most notably the Ice Wyrm), or research the capabilities of her frame - indeed, it could be said she *has* no free time.

Likes: fighting, frame combat, frame runners, the Ice Wyrms, fieldball **Dislikes:** being put on the sidelines, anything to do with her family **Goals:** become the most famous frame runner in the Vanguard

History

Family (or Creators)

Born on Mazerin to mother Afshan and father Saleh

Pre-RP

Hafsa's family lived on Maral Fuiz, one of the arcologies of Mazerin in the equatorial region, toiling on a farm on the open-topped pinnacle. They were fairly successful, as farmers go, but Hafsa [i]hated[/i] it. She found farm work to be excruciatingly boring, and enlisted in the Vanguard as soon as she was of age, discarding her family ties in disgust at their homely ways and the fact that they had actually [i]made[/i] her work in the field. Bahram Wing happened to be stationed in the area when she got it in her head to enlist, and she was assigned there immediately.

Skill Areas

Fighting/Physical

Hafsa has a decent understanding of hand to hand, energy pistols and other weapons such as explosives. She is also in good physical form.

Technology Operation

Hafsa understands how to operate the conventional and organoid technologies of the Vanguard.

Communication

Hafsa can use digital communications, and speak the common language and military cant.

Medical

Your character knows first aid.

Horticulture

Much to her chagrin, Hafsa has fairly decent knowledge of farming and such things as what plants are good to eat and how to make them grow.

Knowledge: Astral Vanguard

Hafsa is a military fangirl, and knows quite a lot about the various technologies they employ and the ways in which they use them to kill people. She's also a fan of most of the higher-profile frame runners.

Sports

Before she enlisted, Hafsa played fieldball to let off some of the raging energy inside her, and still retains most of her skill during deployment.
