Physical Characteristics

Description: A lithe frame with large hips and slender arms, her skin is light and soft. **Hair Color and Style:** Dark brown hair that is thick and straight, but bobs around her neck and shoulders. Her bangs tend to be cut straight across her forehead. **Distinguishing Features:** Yuria has a rounded face with small, dark eyes, and wide nose, puffy cheeks and Nekovalkyrja ears.

Psychological Characteristics

Personality: Akiyama has an ideal that she wants to live up to, the epitome of neko perfection. She often denies or ignores any situations or dealings that would prove she acted otherwise. Even her defection from the Empire is justified by the failings of the Yamataian Government and does not reflect poorly on herself. She defers to direct superiors and can be curt with those of equal or lesser rank. She's not above being critical of everyone and everything behind closed doors. Not excluding even herself.

Likes: Seeing new places, feeling superior to others, being the best she can be. **Dislikes:** Politics, unreliable people, her current Jiyuuan body. **Goals:** To make the best of her life.

History

Family: Any other neko produced by [Ketsurui Zaibatsu](#) with the last name Akiyama, according to official records.

Yuria was a Neko made by the [Ketsurui Zaibatsu](#) for service in the Star Army of Yamatai, becoming a Peacekeeper when the UOC broke away to form its own independent nation. However, being dissatisfied at the current state of affairs in the UOC, Yuria has decided to transfer to the LSDF.

It was with some regret that she originally left the Star Army, especially since it meant giving up her nekovalkyrja body, but she was, at the time, following a commanding officer who had left quite an impassioned impression on the Neko. The choice to move to the LSDF was, however, motivated purely by how much she regretted what had happened since joining the UOC. Yuria wasn't happy with the UOC's eventual policies and it soured her outlook. Transferring to the LSDF seemed to be a much more proactive choice.

Going out and getting things done- that seemed much more appealing than the almost pacifistic nature the politics behind the UOC had produced.

Service Record

Created in YE 28, Yuria served aboard the YSS Encore until YE 30 when the UOC split from the Empire. After that she served in the Peacekeeping forces until YE 33 when she transferred to the LSDF and on-board the Raptor-class Trishka.

Skills

Communication: Yuria is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from other characters through headsets, starships, power armor, and shuttles in both combat and non-combat conditions. She is fluent in Yamataian and Nepleslian. She can speak and write both correctly and efficiently and can write reports, fill forms, issue

orders under fire, etc. She understands a fair amount of Lorath, though has trouble speaking some times. She can read Lorath at a highschool level.

Technology Operations: Yuria is capable of operating any computer system that uses the Kessaku OS, found on all Star Army starships and any NovaCorp and other computers suites utilized in the UOC or the LSDF. She is proficient in entering and/or searching for information. Basic operations of ship systems and skinsuits is also included in the training.

Fighting: Yuria is skilled in advanced hand-to-hand combat and tactics, both with and without melee weapons. Additionally she's received training and high marks with a variety of handgun and rifle firearms.

Survial: Yuria has been trained for individual survival, she's able to find her own food and water, able to construct makeshift weapons, navigate by use of landmarks and stars overhead that are visible, construct shelters, signal for assistance, and conceal her position.

Medical: Yuria is able to diagnose and treat minor conditions, apply first aid and emergency care (CPR, etc), and perform field surgery in emergency situations. Originally while in the Star Army Yuria was assigned as a squad Medic, though she hasn't held that position as a Peacekeeper or in the LSDF.

Humanities: Yuria is familiar with the provisions of the [Peacekeeper Charter of YE 30](#) and is familiar with the basic skills of negotiating, first contact, and psychology.

Engineering: Yuria is able to build and repair a variety of structures, systems, vehicles and devices, given sufficient time, materials and instructional information. She excels at being able to read technical diagrams and diagnose and repair faulty or damaged systems and devices.
