## Player Data

Soldier Corr'ulta 'Demi' Maezuri Fyunnen is a [PC](#) played by [Cy83r K0rp53](#) and is currently assigned to the [LSDF Trishka](#).

## Physical Description

Corr'ulta 'Demi' Maezuri is tall for a male Fyunnen, though his abnormal height just makes the Fyunnen boy's slight figure stand out further. His casual name, Demi, is a pointed reference to the miniature pair of wings on his back, reaching barely to his elbows, and he has often been told, “Demi, you grew so fast your wings never had time to get big,” by his direct family, and this detail has always been a sore point of discussion. Demi has inherited the dark skin of his mother in addition to her great height and goldenrod eyes, contrasting nicely against the pale crop of hair he keeps jaggedly short and undyed. The child also has sharp, feminine facial features, enhancing the awkward androgyny of his figure. His ears are typical for a Fyunnen and one has a small stone stud pierced through the left ear, near the tip, that he prizes more than anything in his possession. Height: 6'5" (195.58 cm) Mass: 166lb (75.30kg)

## Psychological Characteristics

Corr'ulta 'Demi' Maezuri Fyunnen is, like his father, a caretaker and servant at heart, though his Fyunnen heritage bleeds out in a poorly directed fury when he sees those close to him in distress. His ability to follow orders well and drive to protect others makes Maezuri close to a perfect soldier, though he struggles against his odd appearance and the stellar reputation of his sister, an ace starfighter pilot serving a tour in the PDF forces on Lor. His comradery among trainees marks Maezuri out as a potential leader, though he fails to show the direct initiative necessary to ever merit the promotion.

Demi enjoys the tasks of housekeeping, but conforms readily and deliberately to martial pursuits, having earned a commendation for close-quarter marksmanship as well as being an avid duelist with both blade and pistol. Maezuri enjoys collecting stones for small favors and has a small assortment of his favorites, gotten from pretty girls, tied to a growing length of leather cord that he wears about his waist or neck on most occasions. Maezuri will enjoy a meal, any meal, and displays a taste for spicy foods and items with an odd quality to them, his favorite snack being Yamataian fermented beans, called natto, a treat his grandfather enjoys even more than Maezuri. Friends and family blame the old man for introducing the boy to his oddball taste buds.

Corr'ulta shows displeasure at the hardship of others around him and is relentless and sometimes even callous in redressing the balance. The only thing he reacts to worse is being lied to or misled, a sure-fire way to earn his lasting ire. Maezuri shows very little negativity towards much anything else, though mentioning his runt wings hits a sore nerve.

## History

### Pre-RP

Corr'ulta 'Demi' Maezuri Fyunnen was born near the end of the first year of Yamatai's formation and the [birth](#) of the Lorath Matriarchy. Maezuri's parents had always been adventurous and, after having their second child, decided to immediately resume their careers, leaving behind one of Hratta's subordinates to mentor the children while they were on tour. 'Thunderbolt' Raharu happily obliged, tutoring Garna rigourously in the short time before she pursued a career as a flight officer in the LSDF.

Relatively ignored for several years by Raharu, Maezuri picked up a smattering of housekeeping skills and odd habits from his eccentric grandfather, a veteran crippled during the revolution that saw the Helashio enslaved. Kraed, Maezuri's grandmother and accomplished officer, took issue with Raharu's neglect the first time she visited her extended family in YE23, seeing the spark in her grandson that had not been instilled in her son-in-law. The argument quickly broke down into a physical conflict when it became apparent that Raharu felt men were best suited to housekeeping, where Kraed felt it was the duty of every member of the Fyunnen House to serve in the military. Surprisingly to both combatants,

Maezuri broke up the fight with stern words to both of the women and Raharu agreed to mentor the boy, impressed in her own right with how quick he took to lessons unlike his stubbornly independent sister and she was more than content with his lack of personal initiative that would see the boy languish in the lower ranks. The events brought about by first contact with Yamatai and their conflict with the Mishhu, including his grandmother's death in action and the title and duty of Family Retainer placed on his Aunts shoulders, settled Maezuri's initial dislike for the outworlders and their empire, lighting the spark that led him to enlist in the Self-Defense Forces rather than become a steward like his father.

## Mission Logs

### LSDF Trishka Mission 2.2: Left and Right Hands

Demi deployed with a small team under the command of Ensign Se'len Tre'n to plant an explosive in the powerplant of a contested station complex, fighting through both Mishhu and Black Coat forces to reach the objective and let the asset, a one Ah'kin Gotz 'Blast', set up the bomb. Despite taking fire at several points and having to negotiate around damaged or heavily occupied sections, the team planted the bomb and evacuated safely before vaporising the objective.

## Skills

- **Fighting:** Maezuri is trained in advanced hand-to-hand and melee weapon tactics as well as several forms of martial arts. He favors the pistol and sword in close-quarters and has trained in the use of either weapon in his off-hand to support attacks with the other as his preferred dueling style.
- **Marksmanship (Pistoleer):** Maezuri has a talent with pistols and has earned a commendation for close-range marksmanship. He practices a few gunslinger's tricks including twirling the weapon about its trigger guard, quick-loading, one-handed loading, and shooting targets inside his peripheral vision.
- **Domestics:** Maezuri is trained to handle household affairs, including meal preparation, doing laundry, child care, and keeping a living space clean and efficient.
- **Etiquette (Host; Dueling):** Maezuri has learned the duties of a host from his retired grandfather, including planning and mediating events, meal choice, and meal presentation. He is also versed in the proper form of dueling, including making a proper challenge, sword forms, and the grace required of the victor and loser.
- **Artistry (Calligraphy):** Maezuri enjoys practicing the art of handwriting and as such has impeccable penmanship and a notation speed to rival a typist when using shorthand.
- **Leadership:** Maezuri is trained in the workings of leadership roles and is capable of directing a squad efficiently if not creatively. He has good interpersonal skills and has the capacity to command on a one-on-one level as well as the squad or company level if such a situation were to

ever arise. Maezuri is able to apply his more domestic skills in conversing with large groups, gathering intelligence, seeking a diplomatic solution if necessary, as well as directing others out of dangerous situations, such as a compromised tactical position.

- **Survival and Military Skills:** Maezuri is trained to survive alone, able to locate and procure food and water, construct makeshift weapons, navigate by landmarks and a visible starfield, construct shelters, signal for assistance, and conceal his position.
