Character Description

Kiri was an oddity among NMX Nekoalkyrja. She showed strong bonds with her sisters, and a rather innocent (And naive) outlook on her role in life and of the war. She was bubbly, happy, and an airhead.

But then she was wounded onboard the *Tami's Call* in a boarding action to take the Star Army ship. She was saved by her teammates, and managed to recover quickly aboard the *Tiavareth*. She was recovered, and healed aboard the *Tiavareth*.

She has purple eyes speckled with white and long purple hair.

History and Relationship Notes

Kiri was born some months ago to serve aboard the *Tiavareth*. For most of her time, she worked as an Armorer assigning weapons out to the crew and away teams or cleaning said weapons and making inventory. More recently, she has served with the Advance Team in boarding actions. Now, she's second-in-command for the team under Michael after being passed up for promotion during the fight on *Tami's Call* in which she was wounded.
