History

Family (or Creators)

Tirak was made in a mass-produced infantry center on Nataria, which was at the time in NMX control.

Pre-RP

Tirak was born roughly three hours before the Fifth fleet landed on Nataria to retake it from the NMX. In that time, she was given a sidearm, a grenade, and a uniform, and sent to guard a control room; following the slaughter of her unit, she was captured after four hours of life by [Squad 6](#), thus becoming a prisoner of war.

Skills

Tirak knows very few skills, aside from how to point and shoot a gun, and how to use a grenade. As mass-produced infantry, her basic skills are much below the average for standard Nekovalkyrja.
