Physical Description

6'2" with a athletic boxer's build to his body, Drake is a rather sun kissed tan from his life in the desert. He has black short hair, rusty orange eyes, and a lean face. His body is used to high stress from his homeland's difficult environment, and features a few scars across his body, as well as a tribe tattoo of a desert crow on his bicep.

Personality

Generally stoic and reserved on the job, Drake prefers to cut loose off the clock, usually blowing off steam in the gym. He prefers a good tussle, less as competition, but good rough fun to test the physical mettle of a person. Very rare is he found to be cocky, yet quick to give wise warning, and worrisome of those he sees as unprepared. Honor is a moral code of his tribe, never seeking to anger, or mistreat a lady. Where he lacks in book smarts, he excels in wisdom based on experience, and traditional teachings...As well as a fair measure of common sense. He is only harsh when those around him decide to choose rash foolishness over caution and thinking through solutions.

History

Born in [YE 18](#) on the desert world of [Planet Osman](#), Drake hails from a long lived tribe of Human descendants from the group of colonist that came to the world over two decades ago.
