## Personality

Alexander is a rather quiet man, perfectly suited for his line of work. He likes to lead from the front, and is very protective of his squad mates.

## History

Alexander Wolf was born in Ye 10.

Alexander was born in YE 10. Not much is known about his early life as he is never keen to share, however what is known is that he has no known family. Once he turned 18 he immediately joined the fledgling NSMC. His superiors noticed Alexander's talent for squad tactics, and sent him on to officer training.

After he finished his training, he was sent to lead squads during the [Second Mishhuvurthyar War](#). He also participated in [Operation Dynamo](#), where he led his recon squad to capture a spaceport in the opening phases of the operation. After this he also participated in the The [Rok'Veru Offensive](#) where he led his squad on raids on enemy supply lines, wreaking havoc.

In YE 34 he was transferred to the IPG. Much of his file after this point is redacted. He was knocked down to the rank of Second Lieutenant, as is standard for the IPG. He spent the past several years as the XO of

another IPG Commando squad. Once the new Aegis squad was created, he was promoted to First Lieutenant and was selected to act as the CO.
