Lenny in Roleplay

First met in [Episode 3:Sunny Day on Prilisa IV](#), Lenny is a large, hulking ID-SOL with the sweet disposition of a 10-year-old. Under normal circumstances, one would think Lenny would be somewhere other than working as a security guard on a science installation, however it appears the the massive ID-SOL is constantly given help by his best friend and partner in crime, [George Resetti](#). The two seem to get along and know each other quite well, and Lenny always looks to George for advice and approval, often much to George's chagrin. Although he may not realize it, Lenny is exceptionally strong due to his ID-SOL nature. He is somewhat optimistic and very easy to distract, but overall a good person.

Character Data
