## Personality

As with most members of her [sub-species](#), Aerlia maintains a strict and deadpan front. Shows of emotion are signs of weakness and are only permitted in private company. Sarcasm is an art and a rewarding one at that, which she often employs. Legend tells that she's quirky behind the stoic barrier. Also, hot places are amazing..

Likes: Schadenfreude, dark humour, heat, more heat, blankets.

Dislikes: Belittling her culture, staring, stupid or redundant comments.

## History

Aerlia Lei'Shela was born in YE 20, the third child of her mother's brood. The Leis, part of the noble and ancient Shela clan [明暗] are renowned to be brilliant diplomats and ambassadors as well as their hand in reuniting the Venis. Hence, Aerlia was destined for a life abroad from a hatchling. Following her coming of age, she was instructed by the family to follow in the steps of her elders. As the children dispersed from their mother to the various governments picked out for them, Aerlia was chosen (as the most well-raised hatchling) to join the [Star Army of Yamatai](#).

Shantir, Head of the Shela clan deemed that she be best used in SAINT, given the training they had given her and pushed her to follow this path. Following several events displaying skills at [Black Sands](#) honed by her unique upbringing, her benefactors gave the go ahead for induction fully into the ranks of [SAINT](#). Evidence of stronger-than-normal resilience to indoctrination was found during the process, then attributed to human error upon the discretion of the head scientist applying the tests. Following the notable successes of Operation Nichibotsu, Himawari and Makruk, Aerlia was given the nod for advancement to [Intelligence Officer](#). Becoming a [Shoi](#) immediately following several recommendations from high-ranking personnel and foreign entities, she quickly climbed the [SAINT](#) food chain.

One notable occurrence was a family crisis following the collapse of the Nesra family of the Shela and the immediate succession of the Leis, which caused Aerlia to take a rare leave of absence.

After the reformation of the [Star Army Military Police](#), Aerlia was selected from the best and brightest officers from all fields by Provost Marshal [Iemochi Feyani](#) to trailblaze with one of the [newly-minted ships](#) of the SAMP force.

Name: Y'Shar Lunas'Corum Gender: Male Race: Dark Elf Class: Warlock Appearance: He has shimmering silver eyes, light grey skin and long, pointed ears. Personality: Hot-blooded, rash and emotional History: Born to a Dark Elf noble family, he was expected to be exceptional at everything his father did. When he fell short, he turned to his father's library. Therein, he found a book that called his name. Reading from it, listening, he followed the commands to gain power. When he did, his father realised what he had done by his sudden improvement in what should have been honourable duels with no foul play.
