## Physical Characteristics

- Height: 170 cm (5'6")
- Mass: 47kg (100lb)
- Measurements: 34-25-38

**Build and Skin Color:** Aesa has the hourglass build typical of most Nekos, she is somewhat slim because of her height. She has pale skin while not entirely white she is lighter then most other Nekos.

**Eyes and Facial Features:** Aesa's eyes are large and round with a dark purple almost indigo coloring. Her face is slightly heart shaped. She usually has a bored expression on her face but it will light up when ever she meets someone with similar interests as her.

**Ears:** She has smallish cat shaped ears covered with purple fur matching her hair color.

**Hair Color and Style:** Aesa has purple hair that lightens the farther it gets from her scalp, at its longest point its nearly pink. She normally keeps her hair in braid about that ends mid way through her back while shes working.

**Distinguishing Features:** She doesn't have any really distinguishing features other then the ones named above.

## Psychological Characteristics

**Personality:** The first thing anyone would notice about Aesa is that she prefers computers and machines to real people. She doesn't dislike people they just seem like a lot of work to befriend. If someone was to come up to her she wouldn't immediately try to push them away and might actually become friends after some time. She has tendency to get excited around people with the same interests as her or when involved with new tech to play with.

Aesa prefers to keep things organized and categorized for ease of use. She enjoys sequence and clear order which is probably why she has picked up an interest for cooking some basic recipes.

She has a distaste for direct confrontation to her its inefficient and ugly. That being said she won't shy from conflict if there is no longer an alternative.

- **Likes:** Computers, cooking (Yamataian foods), Video games, Star Ships
- **Dislikes:** Off the grid life, Interruptions, Face to face confrontation, computer viruses.
- **Goals:** To make a noticeable impact on Yamatai through her interest in technonlogy
