Physical Characteristics

- Height: 5'0" / 152 cm
- Mass: 92 lb / 42 kg
- Measurements: C

Build and Skin Color: Yua has a softly curved figure that ever-so-slightly favors her bottom half. As with all nekos, she isn't too flabby or skinny. She has lightly tanned skin.

Eyes and Facial Features: Yua has bright, almond-shaped eyes which are electric blue. Her rounded face is adorned with cute features and a small nose.

Ears: Her ears are standard nekovalkyrja ears with black fur and tips of blue.

Hair Color and Style: Atop her head is short, black hair, tied back into a small tuft of a ponytail, with some left for bangs. There are streaks of blue matching her eyes through her hair.

Distinguishing Features: She lacks the genetic tattoo that manufactured nekovalkyrja.

Psychological Characteristics

Personality: Yua is a forward person, not afraid to speak her mind. She is also energetic and easily excitable. She also charges obstacles head-on. As such, she can be a bit reckless in her pursuit of fun. Luckily for her comrades, she is in love with guns (and shooting them). Along these same lines, she tends to take care of everyone around her, whether or not they think they need it. Despite her energy, when she settles down to focus on something, she can easily obsess over it until it's done.

- **Likes:** Guns and weaponry, food
- **Dislikes:** Breaking/broken things
- **Goals:** To protect the empire, thereby protecting her family.

History

Family (or Creators)

Akitoku Kokoro (Mother), Akitoku Michiko (Other Mother), Akitoku Hitomi ('Twin' sister)

Pre-RP

As a daughter to a nekovalkyrja couple that were veterans that retired at the end of the war against the [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#), Yua was fairly sheltered from all the horrors the [Mishhuvurthyar](#) brought. The couple, Kokoro and Michiko, produced 'twins'. Kokoro gave birth to Yua, while Michiko gave birth to Hitomi. The family then lived a normal civilian life before the [Mishhuvurthyar](#) returned in the [Second Mishhuvurthyar War](#).

In the opening stages of war, [Tami System](#) was taken, but Yua's family, along with the other civilians, were evacuated by [Origin Industries](#). This attack dredged up many terrible memories for Yua's parents, who promptly switched out of their [NH-29](#) bodies in favor of [NH-22C Yamataian](#) to avoid being redrafted into the war.

A couple of uneventful years pass, as the family was sheltered on unconquered planets. Seeing her family in such distress over the war caused Yua to work up her courage to join the military despite protests. She knew she had to protect her parents from further nightmares, and this was the best way.

Skill Areas

Fighting

Yua received hand-to-hand combat training, followed up with a rigorous training program. She is skilled and experienced in combat both in Yamatai-like conditions and in zero-gravity, with and without weapons. Weapons she is trained in include energy pistols and rifles, knives, grenades, and power armor. She is also self-taught in the use of many weapons available on the civilian markets, such as solid ammunition pistols and rifles, and shotguns.

Communication

Having gone through basic, Yua is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from other characters through headsets, starships, power armor, and shuttles in both combat and non-combat conditions. Your character is fluent in Nepleslian and Yamataian. She can speak and write both correctly and efficiently and can write reports, fill forms, issue orders under fire, etc. As a nekovalkyrja, she's also proficient with the use of her natural telepathy/wireless communication.

Technology Operation

She is capable of operating any computer system that uses the Kessaku OS, found on all Star Army starships. She is proficient in entering and/or searching for information.

Mathematics

Yua received basic mathematics training, to including up to algebra and trigonometry.

Maintenance and Repair

As an armorer, Yua was trained to be able to clean, fix, and otherwise maintain standard weapons for Star Army personnel. In addition, as a hobby, she has a near encyclopedic knowledge of infantry weapons, ranging from Yamataian, to Nepleslian, from civilian to military.

Survival and Military

Having grown up in the forests of Tami, and with former-military parents, Yua was taken into the wilds to learn basic survival techniques, such as finding water, and shelter construction.

Domestic (Sewing)

Forced by her parents to balance out her hobbies, Yua picked up sewing. She's not particularly good at it, given enough time she can sew some nice things, such as plush animals.
