Personality

Aurélie approaches her work with a committed and persistent mindset. She has few areas of expertise, but she strives to be a master in the professions and skills that she sets her attention on. As such, Aurélie has a razor-sharp focus and patience.

Aurélie is an extreme introvert. However, on account of her past as a slave, whenever she is directly approached she is sweet and sociable, regardless of who she is addressed by.

She is very good at taking orders and instruction. Although she tends to interpret commands literally, she performs her duties efficiently and without complaint. In spite of her introversion, she is collaborative and easy to work with.

History

Created in late [YE 35](#), Aurélie is Helashio 'birthright' slave that was created to fill the role of a manual laborer and a technician. In early YE 36, her mistress, Bara'lped 'Rain' Rezan died suddenly in her house. The suspicious circumstances surrounding her mistress's death forced Aurélie to retreat from Lor in order to avoid prosecution. Aurélie smuggled herself on board a cargo transport that was headed to Yamatai. After her Slave Control Device was deactivated by the immigration authorities, she decided to pursue citizenship and source of steady labor.

In order to gain her citizenship, she enlisted in the Star Army of Yamatai. On account of her past as a slave and her Helashio physiology, Aurélie passed through basic training with no trouble. After completing basic training, she opted into training as a pilot.

Because she had little familiarity with fighter craft or ingrained knowledge, Aurélie struggled through flight training. However, Aurélie graduated on time and was stationed on the [YSS Ryūjō](#).
