**Build and Skin Color:** Brayja's figure resembles what many would term a classic hourglass given her hips and bust are in proportion to one another while she maintains a slender waist, though she doesn't gain weight like any other Nekovalkyrja, at her size it does give her a very curved, voluptuous figure that is quite hard to hide even under a duty uniform, Even at her size it does make her stand out rather easily combined with her smooth hairless blue skin.

**Eyes and Facial Features:** Her eyes are a clear azure blue, her eyes are also vaguely almond shaped, her facial structure is rounded and almost cherubic.

**Ears:** Brayja's ears are surprisingly large for her small size in that they're lifted upwards and swept back and covered in dark purple fur from base to tip.

**Hair Color and Style:** Brayja's hair is kept shoulder length and her blond tresses are usually kept in a pony tail with her bangs left to dangle in front of her face along the outside of her eyes.

**Distinguishing Features:** Aside from her skin tone, Breyja sports a tail with the same dark purple fur as her ears, her somewhat robotic method of speaking is slowly vanishing as she develops a personality.

## Psychological Characteristics

**Personality:** Brayja is fresh from training and is best described as calm and cold, even somewhat robotic as she tends to speak in monotone and generally tends to get confused when put in social situations due to her naivety which can be awkward as she has nymphomania tendencies, and has become quite fond of it.

- **Dislikes:** Boredom, seeing others getting hurt, Spicy foods.
- **Goals:** See the universe, meet interesting species and discover new ways to cut things open so the can patch them back together.
