Physical Description

Slender and trim in build, Decimus stands just below 6' tall. The young Caesolian has cropped blonde hair that he keeps neatly combed back, and faded green eyes behind square-framed glasses. His skin is fair and clear, with no sign of piercing or any other kind of body modification. Decimus' wings are a pale cream with quite thick feathers, almost like an owl's.

Decimus keeps his uniform neatly pressed and well-maintained. When not on duty, he likes to wear loose, flowing clothes that make him appear more angelic.

Personality

Soft-spoken and laconic, Decimus is quite easygoing and not at all difficult to get along with. He manages to remain cool, calm, and collected, even under the greatest pressure. Decimus is quite dedicated to his work, always willing to take on a challenge. While slow to anger, one should never mistake that for passivity, for his anger when roused is terrifying.

He's a fairly private guy, not liking to talk about himself. This isn't out of any secret shame, he just thinks his life isn't that remarkable, and he thinks everything outside the window is more interesting. His curiosity about what's out there is why he joined the Star Army to begin with.

History

Decimus is a rare kind of Elysian; one who has never set foot on Elysia Novus. His family had settled in the Artume system, and he spent much of his childhood there. While his early life was somewhat idyllic, it almost ended prematurely.

In YE 25, at the end of the Fourth Elysian War, Decimus was but a lad of four, and Elysian territory was still in danger of Yamatai attack. Artume was struck by a bombing run, and a building collapsed, trapping Decimus under some debris. For two days, he was caught in the wreckage, with no certainty of rescue. He was eventually saved by Yamatai rescue crews. To this very day, he swears his left wing has never been the same since.

This brush with death instilled in him two things; a desire to see the galaxy in its entirety, and a feeling of debt to the Yamatai. To that end, he waited until he was old enough, and then enlisted in the Star Army, beginning a long and fulfilling career.

Skills Learned

In addition to [Star Army Common Skills](#), Decimus has the following skills:

Technology Operation - Being stuck at a computer console for much of his day, Decimus likes to make sure he knows what he's doing. Much of what he knows comes from his time at the Academy, where he was forced to take remedial classes on computer operation. He's never forgotten those lessons.

Fighting - In case of an enemy boarding, Decimus likes to keep his hand trained. His skills with a firearm are above average, and he regularly attends lessons for an ancient martial art called Capoeira.

Entertainment - Decimus certainly knows how to have a good time, in his own way. He's proficient with multiple musical instruments, almost all of which come from the brass family, and he enjoys games of chess. He also likes to bake, if only to satisfy a sweet tooth.
