## Physical Description

Endo Hatsuyo sports a fairly athletic and muscular build, standing at a firm 5' 4". She has light teal skin, appearing almost gray in some lights. Contrasting her skin, she has bright orange hair, cut short in the back but growing outwards into slicked pompadour spikes in the front. Her face sports a sharp, somewhat large nose, with two almond-shaped, bronze colored eyes. Her ears are human-styled and slightly larger than normal, with rounded points.

Endo visibly lacks the matronly figure possessed by most other Neko, but that is mostly due to her obsession with cargo pants as well as her weight training making her build muscular.

## Personality

Endo has a very eccentric personality, appearing to have what would seem to be more than a screw loose in their brain. She is best described as loud, friendly, and outgoing. She has a very laid back and technical approach to problems, despite her excitable nature always being on the move on the outside. Her work ethic seems rather chaotic at a glance, but Endo is actually quite prioritized and well organized. Endo also enjoys music. She can't play any instruments, nor can she sing very well, she just enjoys listening to music. Loudly. She prefers older hits.

She has a habit of speaking her mind, and often going on in tangents while working. As with much of her personality, its hard to tell exactly what Endo believes in, even down to her gender.

Despite her seemingly unruly personality, Endo follows orders, respects Yamatai authority, and can be quick to drop her attitude when it comes to the sake of Yamatai and fellow soldiers. Her seriousness is quick to fade once the moment has passed, however.

## History

Endo was manufactured during late YE 38.

During her socializing training and testing, Endo was quickly classified as a "nut" by peers and overseers. Initially watched for being particularly subpar in terms of personality, Endo quickly proved her worth in her medical work. She earned recognition as a natural in the field of medicine, and it became apparent over time that she was still loyal and obedient to Yamatai.

## Skills Learned

Endo has been programmed and trained with the [Star Army Common Skills](#) , but specializes in:

Medical

Out of all her skills, Endo is a natural medic, both on and off the field. She is fast, efficient, and well-educated on the various medicines and surgical procedures approved by Yamatai. She doesn't let her personality affect her medical work, and is capable of running a medical bay by her lonesome. When not performing complex surgery or other high priority tasks, Endo likes to multi-task, rarely ceasing her momentum.

"Call them what you want, at the end of the day they'll save your dying ass."

Physical

Endo enjoys weightlifting as a pastime to keep herself in shape. She is strong, capable of lifting heavy weights and arduous loads, even compared to other Nekovalkyrja.

Inventory & Finance

Endo Hatsuyo possesses the [Star Army Standard Issue Items](#).
