Physical Characteristics

- Height: 5'9
- Mass: 130
- Measurements: B88 W61 H87

Build and Skin Color: A curved, dancer's body - more an acrobat or a go-go dancer than a ballerina. Olive, sun-kissed skin.

Eyes and Facial Features: Green eyes, with somewhat slit pupils. An angular, feline face, but not quite enough to be a Neko.

Ears: Two sets - a stereotypical appeal-to-Yamataian-standards-of-cuteness set of cat ears on the top of her head, and more human ones, usually buried underneath hair. These ones are somewhat pointed - not enough to be a neko, and not furry enough to definitely state her as one, too.

Hair Color and Style: Sky blue, falls to to around her thighs. In flight, usually kept out of her hair by grav placements.

Distinguishing Features: Slightly sharper canines (har har) than most, as well as always being dogged (HA! HA!) by questions of being a neko.

Psychological Characteristics

Personality: No amount of rain, war, cynicism, or sarcasm will break up Felicidade's sunny disposition and outlook. There's a silver lining in every cloud, and even if you have to squint to see it, it's there, and Felicia will damn well make sure the others will see it, too.

Notably willing to continue speaking to openly hostile, cold, or aggressive people as if there was simply nothing wrong with them, and fancies herself a diplomat.

Like any cat, she's curious - even if it most likely will get her in some sort of trouble.

- **Likes:** Fish, dancing, singing, religious rituals, the rumble of a ship as it breaks the sound barrier in atmo, the aftershocks of a bombing run, her ship notifying her missiles hit
- **Dislikes:** Getting hit, EMPs, grimdark stuff, maintenance, not dancing
- **Goals:**
