## History

Gregor was born in [YE 33](#) in the city of [Kyoto](#) on Yamatai. He was born into the Ketsurui Clan and trained for one year while wearing white and unarmored, as is customary. Then he became capable of guarding important installations in Yamatai, a low value class of samurai. He was highly regarded because of his training, but there was a driving force in him to ask for the assignment. He had a driven, architectural mind, and being capable of seeing the monuments and etcetera of Yamatai would satiate his hunger. But it did not. Two years later and he was asking the Daimyo for new assignment. He was an Eihei-No-Insen, bumped up quite a bit, until the betrayal on Princesses lives. He became a Ronin after the infamous betrayal and learned sword and weapon making.

After the samurai dissolution was announced, he immediately left in order to work for [Ketsurui Zaibatsu](#) as a weapon designer. Shortly after beginning his new line of actual work, he joined the [Danko Clan](#) and became a close confidante of [Kuro](#).
