History

Family (or Creators)

Like most Nekovalkyrja, Hitomi was created in a Pnu-Gen cloning facility. The only people she views as family are the members of her squad.

Pre-RP

Hitomi is a fairly new Nekovalkyrja. she has not been out of training for very long, and is on her first assignment.

Skills

Hitomi is well versed in Power armor combat, and all the skills required of Star Army soldiers. While not an expert, she knows her way around the equipment she uses. Hitomi is an expert marksman, a skill which is currently hampered by the lack of proper equipment to take advantage of her skills.
