Character Description

Roughly 6 inches tall Ichi is an independent AI's that helps Dakura Dakura out with her daily tasks and routines. Physically she looks like a Miniature version of Dakura with red hair and blue eyes a with a twin bun hairstyle. Internally however she is a computer with a built in anti-gravity engine to help her float and fly. Ichi is a much more outgoing and happy than her 'sister' San, often being the first to speak up

about something or to introduce herself. She is also a lot more emotional than her sister, prone to emotional breakdowns if asked about her sister Ni who had to be deactivated. Ichi can also be a little trouble maker, and is fond of pulling pranks or making jokes at usually Dakura's expense.

History and Relationship Notes

Ichi was custom built by Dakura Dakura to aid her with her daily task and routines when she was working behind a desk for SAINT.
