Physical Characteristics

Height: 5' Mass: 91 lbs Bra Size: C

Build and Skin Colour: Her body has an ever-so-lightly tanned skin color. Her body is curvy, but only marginally so, and is also quite toned.

Facial Features and Eye Color: She has large, ocean blue eyes. She has a combination of youthful, 'cute' features, as well as elegant adult features, though leaning a bit more towards cute.

Hair Color and Style: Hourai has hair that is slightly shorter than shoulder-length. It is dual colored hair, with the upper layers of hair being a reddish-brown hair, while the layers partially hidden underneath are a lovely black color. Her bangs tend to hide her eyes.

Distinguishing Features: Her serial number on her lower left back.

Psychological Characteristics

Personality: Hourai tends to speak poetically, not using simple words but trying to give effort to give a mood and feeling to a sentence, as well as using 'fancier' words. Though, the mood tends to be more of the dark and morbid type. She also, seemingly, appears to either dislike or feel indifferent about most things, even her patients. But, she is actually quite the caring person underneath, she just doesn't show it. Additionally, she is also quite a scaredy-cat, though she is fairly good at hiding it. As such, she is often cautious. Still, when one gets to know her, her hints at her fright become fairly obvious.

Likes: Poetry, Reading, Culture **Dislikes:** Brightness, Over-reactions, Messy Patients, loud noises **Goals:** To survive her tour of duty and serve the Empire along the way.

History

Pre-RP

Hourai was created just a little while before the [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#) left. By the time she finished her observational period at [Educational Facility 1](#), it was practically the eve of the [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#) departure. As such, she saw limited amounts of action. After that, her service in the [Star Army of Yamatai](#) was still limited, spending the majority of her time on standby. She did see a bit of pirate hunting, but nothing exciting.

Then came YE 31 and the return of the misshu, or rather the NMX. Hourai was given a chance to actually see some action on the [YSS Freedom](#). Perhaps she would've been better off staying put in standby....
