## Character Description

### Appearance

Masashi Hansen is a dark-skinned former Nepleslian with black hair usually shaven. Standing at 198cm and weighing 135kg, he is a very muscular man due to his physical training regimen. He frequently has well-trimmed facial hair.

### Personality

A survivor of the [Fourth Elysian War](#), [First Mishhuvurthyar War](#), [Second Mishhuvurthyar War](#), and recently the [Kuvexian War](#); Masashi Hansen is a very gruff and blunt individual. He cares about one thing and one thing only, the enlisted men and women that are placed under his care. It is not to say he is not loyal to the Empire, just that he will not tolerate inexperienced officers or those that think the rank automatically gives them respect. He appreciates officers that get to the point and know it is not their place to micromanage the enlisted.

He is hard on his enlisted charges, constantly making sure they are ready to survive the many battles he once found himself in. For those that stay on top of their training and always strive to improve themselves, he can be best described as a father. But to those with discipline problems and lacking focus, he can be a living nightmare.

## History & Relationships

In [YE 42](#) he was assigned to the [Giretsu Century of the 75th Legion](#) as its Senior Enlisted Advisor. He witnessed his initial Centurion die in front of him. There was initial friction when the Century was assigned an [Shoi](#) fresh out of Officer and Giretsu training as an officer, but the two eventually resolved their differences as they had similar goals.
