Physical Description

Nuriel stands approximately 5 feet 10 inches tall (177.8cm). Her skin is a pasty chalk white like many other her people and is free of most blemishes giving her an almost marble like appearance. Her face is sharp and her expression usually sits grim in its natural state. The top of her head is framed by long fiery

ginger locks that are braided and left to dangled over her left shoulder. Her eyes are a solid amber.

The wings upon her back are well kept. They are white in color in a pale shade that would look almost identical to her skin color. However, it would appear that her wings have been dyed slightly across some of their span. They possess several unique patterns stretching across the inside of her wings, etched in a similar color to the red of her hair. Mainly circles and lines that have an almost hypnotic effect.

She possess' a single tattoo behind her left ear in the shape of a small star.

Personality

Nuriel like many other [Elysians](#) is competitive, thriving in an environment that promotes competition and adversity as she wants to do the best she can. Alongside this she is a perfectionist. Content to repeat tasks until she is convinced that she has it absolutely down to pat. However, she is also a little bit forgetful. This as you would expect conflicts with her ideals massively. Nothing ruins parade more than forgetting your lapels.

Nuriel at first may seem a little bit standoffish with people and officers, coming across as perhaps cold and calculating. This generally however, isn't the case. She suffers from slight anxiety around people and it manifests in this particular way. However, she will open up over time. Despite this, she is the person that would happily throw herself into the fire over and over again as long as she has a few moments to compose herself.

History

Nuriel was born in YE 20.

Nuriel was born between the third and fourth Elysian war to her plebian parents. They were a poor family, constantly underfed and under equipped for day to day life. Her mother and father ran a courier business, delivering parcels and mail to various recipients on the planet Anakes.

Nuriel grew up dreaming of being able to fly. Despite an impressive wingspan she did not possess the muscle structure to even glide. Her mother and father noting this did all they could to help the clearly hurting girl but didn't do much good.

Time passed as Nuriel spent her free time exercising. Working part time for the family business gave her a new insight into the way the world worked as the job it did was out performed by Seraph time and time again.

Luckily. Nuriel and family were selected to be uplifted from their plebeian status into ([Caelisolan](#)). Unluckily. Her Mother due to an un-diagnosed illness died from the process. A situation that was a blessing and a curse. Her new body allowing her to fly, at the cost of her mother.

Arguments and heartbreak ensued. Seeing the happiness in his daughter at her new condition whilst being tempered by the loss of his wife and altercation ensued. It ended when Uriel walked out and vowed never to return. She considered her options with her new and improved body and headed straight to the closest Star Army recruitment office and signed up. She was going to learn to fly. And she was going to learn to fly properly.
