

Kuwashima Saori

Kuwashima Saori is a [player character](#) played by [Kuronary](#) and was involved in the [22nd Squadron - Warrior Emeralds](#) roleplay.

Physical Characteristics

Height: 1.7m (5'6") Mass: 50 kg (110 lbs) Measurements: n/a Bra Size: B

Build and Skin Color: Gray skin with a toned build like a goodly majority of the rest of the neko out there.

Facial Features and Eye Color: Brown eyes with sculpted features; high cheekbones and a feminine jawline. Her most outstanding feature is a slightly aquiline nose.

Hair Color and Style: Saori wears her black hair down to the small of her back and tied off in a loose tail.

Distinguishing Features: On the lower left side of her back is her manufacturing tattoo.

Psychological Characteristics

Personality: Saori is somewhat of an introverted and serious-minded sort, the kind to look before she leaps - though once she's committed herself to a task she almost never backs off. Though fresh from the factory, she's indulged in carving out a personality to make a place for herself in the world.

Due to her laconic means of speech and generally austere personality, Saori hearkens back to an older, more militaristic mindset of neko - this is not so, she merely doesn't know what she wants yet and instead of indulging as some neko do she integrates new experiences and items into her life as suits her at her own pace. As for her method of speaking, she speaks only if she believes she can improve on the silence - very Zen, this one.

Likes: Saori likes to exercise, kick back and read books - usually on philosophy, and of course, loves to fly. Her favorite drink is barley tea. **Dislikes:** Her dislikes include loud music, loud people, and sweets. The first two because it throws her off her calm zone. The last because sweet things just never really tasted good to her. **Goals:** Lead her own squadron.
