History

Creators

[Star Army of Yamatai](#)

Pre-RP

Talia Asaka received her training at [Educational Facility 1](#) as an [Star Army Infantry](#). Early during her hand-to-hand portion of her training, Asaka had the oportunity to watch the older more skilled nekos practice swordplay. This display entranced her and would eventually result in her taking the a basic sword training course. Later during her survival training, instructors were forced to keep a close eye on Asaka, as she would frequently wander out of the designated training area. Despite these setbacks, Asaka went about taking survival courses in all of the offered environments ¹⁾.

By the end of her training, it was decided that Asaka would do better to be assigned to the YSS *Takamagahara* on account that it would be easier to keep a small mini-Neko occupied on a very big ship.

"Akai Ito"

As Asaka's skill with blades grew, she eventually went out of her way to obtain her own custom sword, *Aki Ito*²⁾. At a casual glance, this sword looks like an ancient letter-opener. *Akai Ito* is a custom [Ta-W1-5a](#)

[Katana \(Mini\)](#) that has recieved a few enhancements to make it more durable. Despite the modifications, *Akai Ito* is not suited for high-powered combat, though Asaka will use it for practice and sparring.

"Akarui Kaen"

*Akarui Kaen*³⁾ can be considered to be *Akai Ito*'s big sister. They are nearly identical save for a few key features. First and most obviously is the size. First of all, *Akarui Kaen* is nearly 10 times longer than its younger sister. Second, in order to enhance its effectiveness in powered combat, it has the power blade modifier. Its name was in part inspired by the effect of the activated power blade.
