## History

### Family (or Creators)

Gurei Rafu was her surrogate father

### Pre-RP

She was 'born' on 7th dock, she was born to replace those who had retired before the 2nd Mishu war. During her training, Gurei Rafu the base commander became a father figure to her. He helped her choose which career she wanted. He also kept her disciplined and a benefit to anyone who would take her on a ship.

### RP

With her training done she joined up on the [YSS Aeon](#) hoping that she could assist the newly upgraded

warship in its on going fight against the evil Mishu.

After performing some basic training runs with the YSS Aeon; Alia was transferred to the YSS Integrity because of some paperwork issues. There she performed her duty admirably. Then during one of her shore leaves she actually decided on having a body switch to the new NH-33. She decided to change her appearance dramatically.

Overtime her coworkers began to notice that she had changed from a bubbly free spirit to a hard task manager; which garnered her more favorable attention from her superiors. She, however, failed to rank up due to many issues with arguing with superiors she had not gained favorable attention from.
