## Personality

Yukiko is an INTJ<sup>1)</sup> personality type. Her analysis of her surroundings and the crew are non-stop; she often notices the things that no one else does. She is extremely well organized and detail-oriented, she will often spend her off-hours researching and indexing information from the past duty shift and will do anything to dodge a social situation. She sees every situation she faces as something for her to overcome; a never-ending battle to ensure flawless victory. She's often trying to outwit [Wakaba Inaho](#), especially when it comes to her operation of the ship's tactical systems.

She takes failure unhappily and will often spend hours researching and replaying situations in an attempt to find the better outcome or an understanding of where she went wrong. She enjoys it when she is the most intelligent source on a subject, and often takes confirmation of her ideas as social acceptance. Her interests in romantics often lead to conflict, because like everything else in her life she's already settled on a mindset for what the perfect strategy for a relationship is. Different from her romantic strategies, her sexual expression tends to be geared more towards a situation where she has conquered the other party.

## History

Wakaba Yukiko is a sprite of the [YSS Wakaba KAMI](#). When the ship underwent various repairs and rebuilding in [YE 35](#) her personality and design were developed. She was created immediately after [Wakaba Inaho](#), and often refers to her as a mother. She never leaves the ship, feeling that there is a judgment on her because she is a ship produced sprite, even if it is not a rational fear.

She was present in various battles in the [Kuvexian War](#) and was sent with [Task Force 48](#) to the [Tange System](#) for humanitarian relief.

In [YE 43](#), she was promoted to the rank of Chui.
