

S6 6mm Bullets

Section 6 in mid-YE40 designed a standard 6mm rifle round for the S6-6AS, and is intended for anti-personnel use through penetration and damage associated with ballistic ammo types. It is a chemical based ammunition using the age old mix of gunpowder to propel the round. It is manufactured by Section 6 and FSC:FMS on Planet Osman.

Price: 200KS for a box of 100 rounds.

Stats

Below are the performance values of the ammunition.
