

# BW-CP "Shade" compact 10mm Pistol

A 10mm caliber compact pistol designed and manufactured by the [Department Of Engineering](#), of the [New Dusk Conclave](#) in later [YE 41](#), for use by NDC armed forces and security personnel.

## About the Shade

In late [YE 41](#), it became clear the NDC needed a new standard sidearm that was more in line with infantry criteria, and not stealth oriented like the 10mm [BW-P2 "Wraith"](#). So the 10mm Shade was developed for an optimal handling, and easy to operate infantry sidearm that could be issued out to the personnel of [NDC Ground Forces "Duskerian Legion"](#), by the [Department Of Engineering](#).

## Nomenclature Information

Below is the manufacturing data for the Shade.

- Designer: [Department Of Engineering](#)
- Manufacturer: [Black Wing Enterprises](#)
- Name: Shade
- Nomenclature: BW-CP-1A
- International Nomenclature: BW-W10-1a
- Type: Chemical
- Role: Compact Pistol
- Length: 5 inches
- Weight: 0.5lb unloaded, 0.9lb loaded

## Appearance

The Shade is a 5-inch long compact pistol which is very conventional, yet ergonomic in shape. It has a smooth matte black finish with its designation and serial number engraved across the side of the slide horizontally. On the gel padded grip, is the S6 logo pressed in. There is no exterior hammer at the rear of the slide, giving the Shade a rather rounded overall blocky look.

## Discharge Information

Below is the performance data for this pistol.

- Muzzle Flash: A brief burst of orange gases at the end of the barrel in the shape of the plume and a faint burst of particulate debris from the round having been fired.
- Retort: A loud crack of the flash release of gases, echoed by a brief bang.
- Projectile/Beam Appearance: No visible trail other than the bullet.
- Effective Range: 150 meters
- Rate of Fire: 80 rpm
- Recoil: Brief, but heavy pull towards to the user, with the barrel tipping up.

## Ammunition (Or 'Energy Source' if applicable)

Below is the data on the Shade's fired ammunition.

- Ammunition: [S6-10mm](#), [S6-SCPR\(10mm\)](#), [S6-ICGR\(10mm\)](#)
- [Purpose](#): Tier 1, Light Anti-Personnel
- Round Capacity: 8 plus 1 chambered

## Weapon Mechanisms

Below is the information related to the inner mechanical workings of the Shade.

- Firing Mechanism: recoil-operated reciprocating slide and spring system.
- Loading: Box magazine, which is slide home into the base of the grip, before racking the slide to strip and chamber a round from said magazine.
- Mode Selector: There is a thumb-operated switch just above the grip.
- Firing Modes: Safe and Semi-automatic.
- Safety Mechanism: Biometric safety in the grip, which only unlocks the weapon for a registered user, and the mode select switch above the grip.
- Weapon Sight: Tritium night sights, or any attachable optical sights and holographic sights.
- Attachment Hard Points: There is an under-barrel point for lasers and flashlights, and the slide is designed to mount optional sight apertures if the user wishes.

## Other

## Pricing

Below is the pricing information and accessory list related to this weapon.

- S6-CP "Shade": [100DS](#), [50DA](#), [25KS](#)

## Replaceable Parts and Components

- Slide: 20DS, 10DA, 5KS
- Barrel: 20DS, 10DA, 5KS
- Internal Hammer: 20DS, 10DA, 5KS
- Lower: 20DS, 10DA, 5KS
- Trigger: 20DS, 10DA, 5KS
