

# Hellthorn Bush

**Manufacturer:** [emrys\\_industries](#)

The Hellthorn Bush is a genetically modified thorn bush – designed to be an easy to disperse and cheap (and yet highly effective) blockade, designed by [emrys\\_industries](#). The bush is focused around a deep and wide root network – designed to make the plant especially hard to destroy – and from this vines grow along the ground and from this grows a thick tangle of vertical vines.

All of the vines are very strong and resistant to damage and are studded with 10 centimeters long razor sharp thorns – designed to tangle and rip clothing and shredding skin. A well grown Hellthorn Bush will have a horizontal growth of ten meters by ten meters and be three meters tall. They grow with great speed – and will reach this size in a week. The default Hellthorn Bush has long spiky green leaves.

**Price:** 30 [KS](#) per seed. There is a reduced price offer in bulk.

## Variants

**Ground huggers:** An alternate form of the bush, Ground Huggers do not have the vertical height of the standard model – reaching a foot at most and designed to make passage by infantry very hard.

- **Price:** 5 [KS](#) per seed.

**Tailor Made:** A tailor made bush grows only to the dimensions it is designed to – as required by consumer.

- **Price:** Varies upon dimensions.

**Toxic:** A tailored extra is that the Hellthorn bush can be modified to be toxic – a variety of toxins from a strong irritant, a paralytic, or a fatal toxin.

- **Price:** +5 [KS](#) (irritant), + 10 [KS](#) (paralytic), + 15 [KS](#) (Fatal toxin).

**Flowered:** While the default Hellthorn Bush does not come with flowers there is a modified version which does. These flowers can be in almost any color and take the form of either tropical type blooms or more conservative ones.

- **Price:** + 5 [KS](#) .

The Hellthorn has military applications as a easy to deploy barrier (simply scattering the seeds is sufficient) – and also as a form of personal protection for a domestic home – although a Bush Doctor might have to be employed from time to time.
