

# Galactic Six 6mm Caseless Electronically Fired Rounds

In mid to late [YE 40 Section 6](#) and [Galactic Horizon](#) used their combined assets at [Galactic Six](#) developed a new round for their [covert assault rifle](#) in the form of a revamped version of the [S6 6mm Bullets](#). The new round is caseless, uses a laser as a firing pin to strike the primer - which is little more than a lens - to propel the round, is just as lethal as the original, and has a much shorter lock time when firing.

## Stats

Below are the performance values for the ammunition.

- **Purpose (Rifles):** [Tier 2](#), Medium Anti-Personnel
