# Geshrinari Shipyards - Passenger Area

This is a modular component of the Geshrinari Shipyards - Spaceports design. A *Geshrinari Shipyards* passenger area is designed to accommodate temporary passenger stays, and to help move passengers and crew to and from the ships on the *Flight Pads*. These components support small working stations for security staff deployed from Geshrinari Shipyards - Port Security stations.

Features of this component include access control points, baggage areas, custom checkpoints, and waiting areas.
