

# Ta-Wx Gunto

The [Tamahagane Company](#) Ta-Wx Gunto is a special order item.

## Description

A sword reminiscent of the old 'Japanese' style common on Yamatai. This sword however has less of a curve to it and a hand guard to mimic the look of military swords. The sword is intended for on hand use by Nekovalkyrja but the hilt is long enough to fit a second hand so that a power armor can hold it comfortably.
