

# Zen Armaments 'Little Killer'

The “Little Killer” is a concealable laser pistol made by [Zen Armaments](#).

Price: 99.99 KS (new)

## Overview

Dangerous, but not exceedingly so. It's a good holdout pistol, easy to draw quickly, effective in short-range engagements. Has been eclipsed by the better-designed [Type 29 NSP](#), but its sales are better as it is simply so damn cheap! If you want an unregistered weapon, this is probably your best bet – just buy it from the right guy.
