

Abwehran Imperial Yards Stations

A collection of orbital facilities built by the [Abwehran Imperial Yards](#).

Civilian

Facilities built for civilian use.

Active

Antimatter Production Satellite	An automated station dedicated to the creation of Antimatter at a lower cost.
Harbor-class Trade Station	Standard civilian outpost.

Discontinued, but Active

Civilian Orbital Space Station	The vast majority of these stations have been decommissioned to produce the newer Harbor Trade Outpost, but one example exists as a museum for Abwehran Space Exploration.
Ay-P3-2a Orbital Shipyard	While no longer in production, six example of these stations still exist in Jaspis as the AIY Shipyard Cluster Prime .

Military

Facilities built for military use.

Active

Bulwark-class Military Outpost	The standard military outpost.
Frontier Asteroid Base	A facility built into asteroids and planetoids. Often mistaken for mining operations.

Discontinued, but Active

Military Orbital Space Station	Most of these facilities were decommissioned to help produce the newer Bulwark Outposts, but one example exists as the Weltraumflotte's Headquarters. Plans to refit this station are underway.
