

The Senatorial Legate

The Senatorial Legate, normally referred to as simply 'The Legate', is the face of the [Senate](#) in international relations. He (or she) has the power to represent the senate in diplomatic situations and given that a non-Elysian can not tread on the holy soil of [Empyrean](#), constitutionally it is the closest thing for a foreigner to being before the senate. Besides the [The Leader of the War Council](#) (whose position is innately different) the Legate is the most powerful individual that non-Elysians will meet - ironically possessing no more power in the Senate than any other Senator. He (or she) is chosen for their rhetorical ability, intellect and faith.

The current Legate is [Karael Malarch](#), a female [Patrician](#).
