

Iromakuanhe Astral Commonwealth

The Iromakuanhe Astral Commonwealth is culturally rich and established nation in the [Iruotl System](#), in the far galactic north. It was founded centuries ago, after the human colonists of [Maekardan](#) ended a bitter long standing feud to the Makuori, the ancient residents of the world and defeated a mutual enemy, becoming a new race in the process. It defines it self as a sovereign, democratically run nation with a rich cultural heritage that goes back over a millennium with pacifistic intentions, and the desire to seek enlightenment in the stars, and the self.
