

NMX

The NMX (*New Mishhuvurthyar Military*) is the newer of two military arms of the [SMN](#) government (the other is the [SMX](#)). They've been described as “space Nazi catgirls controlled by Lovecraftian tentacle monstrosities.”

History

When SMX (*Mishhuvurthyar Government Military*) withdrew in [YE 30](#), the [Mishhuvurthyar](#) race began to rebuild itself, calling itself the “Neo Mishhuvurthyar.” In April [YE 31](#), the NMX launched its initial attacks, starting the [Second Mishhuvurthyar War](#).

After the death of its commander, [Sprufnikkamazzar](#), in [YE 33](#) during the [Battle of Yamatai](#), the NMX began to lose focus and integrity, as his overarching vision of the NMX as a highly professional fighting force was replaced with squabbling and slavery.

About the NMX

The NMX is the SMN's provisional, rebuilt military. It fights alongside the older SMX in its mission to control the galaxy. Members of the NMX are primarily [Mishhuvurthyar](#), some [Nekovalkyrja](#) types, or hybrids. These species work together in mixed-species units.
