

RN

The *Re'iu Neu'ca* (RN) is the standard form of currency used within the [Kingdom of Neshaten](#).

Using RN

The most common form of RN is in its electronic form. Paper bills are no longer used as currency. The exact value of paper money to collectors depends mostly on the age of the bill.

Since RN is usually found in electronic forms, virtually all Neshaten store their currency electronically at banking facilities. Banks are operating under oversight from the Neshaten Division of Finances. The three most common ways to transfer and use RN are through [Currency Devices](#) and [Personal ID Crystals](#) (Medium and Heavy Security variants only).

RN is presently backed up by precious metals, including gold, silver, platinum, and palladium.
